Hand Sanitiser & Hygiene

*We have placed hand sanitiser stations at both doors, please use them on the way in and out of the coach. We are also recommending that you bring your own hand sanitiser when travelling for use at other times during your tour. For obvious hygiene reasons, **the consumption of food and alcohol will not be permitted on board,***

Face Coverings

Face coverings must be worn when you are onboard the coach (unless you are unable to do so for medical reasons). Children under the age of 12 years will not be expected to wear a face covering. Disposable 3-layer face masks will be available on the coach should you require one.

Seating & social distancing on board

*We have reduced our seating capacity on board our coaches. Families will be seated together, with spacing between groups to allow social distancing. Please ensure that you stay in your allocated seats, you will not be permitted to occupy empty seats. **Please note:** if you are booked to travel with people who are not part of your household /bubble and you require to be socially distanced from them on the coach you **MUST** inform us prior to travel so that we can ensure you are seated separately, as we will not be able to accommodate changes to seating at the time of travel. Please respect your fellow travellers and ensure that you always maintain a social distance where possible.*

Enhanced Cleaning

Our drivers are already obsessed with keeping their coaches clean, but we will be taking it even further by disinfecting all hard surfaces before, during and after each journey along with regular "fogging" (aerosol disinfection) when the coaches are in between tours

Driver safety

All our drivers have been provided with necessary PPE. Please ensure that you listen to the driver's safety announcements.

If you feel unwell

*For the safety of all travellers, **you MUST NOT travel if you feel unwell**, have a high temperature or experience any other Covid-19 symptoms prior to the departure of your tour*

Hotels & attractions

Please be aware that individual safety measures will be in place at hotels and other venues such as theme parks and tourist attractions. If you require more specific information, please check their websites, or contact us directly.

Above all else, please be patient, your safety is our main priority
